

Case 2007-00134,

I do not believe that Kentucky American Water's proposed
Pool 3 on the Kentucky River to Newtown Pike in Fayette
is the least cost solution to the water needs of Central Kentucky.

I do not believe that a private for-profit company should
be financially rewarded for the destruction of my property or my neighbor's

Other citizens of Central Kentucky deserve a long-term solution to
their water needs. Utilization of a larger water body, such as the Ohio
River, along existing utility corridors makes the most sense
economically, environmentally, and aesthetically.
